About us

Orio is the flagship brand of Mahavir Metal Industries, committed to blending style, quality, and innovation into premium faucets, sanitaryware, showers, and accessories designed specifically for the Indian market. Since our inception in 2011, we have rapidly emerged as a trusted name across the industry. With our state-of-the-art manufacturing facility based in Morbi, Gujarat – India's Ceramic City, and a corporate office & Display Center in Vashi, Navi Mumbai, we have built a strong foundation to support our expansive operations. Our dedicated sales and service network spans across 24 states, 8 union territories, and 7 international markets, making Orio a globally recognized and respected brand.

Leadership & Innovation

Mr. Nitin Jain CEO –
visionary leadership has been a source of constant inspiration in our journey of growth. His valuable insights, unwavering encouragement, and strong belief in the potential of Indian manufacturing have greatly empowered us. We are truly grateful for his continued support and look forward to achieving many more milestones together under his inspiring mentorship.

Mr. Nirmal Jain, CEO – Heads Research & Development and product innovation

Ultimate Rimless

Technology for bath space

ORIO Bathware

A toilet without a typical rim is known as a rimless toilet. A direct flush method shoots water around the edge of a smooth pan, as opposed to water pouring into the bowl around the rim. Rimless toilets are less sanitary and easier to clean than standard toilets because they lack a rim.

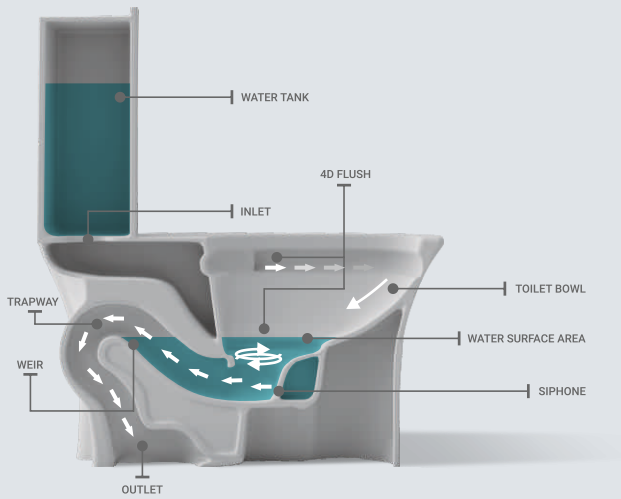

Traditional Design

Orio's Design

Features

- Each product exudes radiance and whiteness.
- The finest raw materials are used. R&D has purified, tested, and certified the materials.
- With a fully computerized controlled kiln, advanced German technology is used.
- For better shine and glossiness, Use eco-friendly natural gas residues.
- Production methodology based on ISI and ISO standards.
- High-tempered firing and a hygiene-friendly manufacturing process.
- Water-saving flushing system with 6/3 liter knobs and anti-bacterial.
- Soft closing seat cover is a plus advantage.
- Anti Bacterial Glazed Product.
- Easy to clean & Maintain Seat Cover.

CONCEALED CISTERN

FEATURES

HYGIENIC

By offering assembly solutions that are concealed in the wall Orio concealed cistern enables easy cleaning without the cult ter of visible connection pipe or intermediary hoses. The height gained by using wall-hung WC pan creates an empty space under the pan, making it very easy to clean.

QUIET

Thanks to the special filling group used inside, the concealed cistern works quietly. The Styrofoam cost provides extra insulation,

SAVES SPACE

As the cistern is concealed behind the wall and under the plaster work, you save precious space, resulting in a wider bathroom. With concealed in-wall installation solutions, space is saved and more living space is provided.

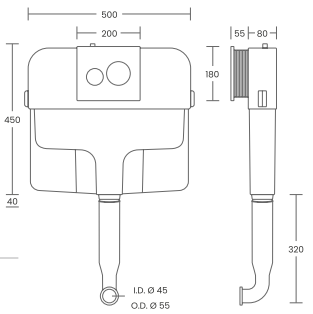

SAVES WATER

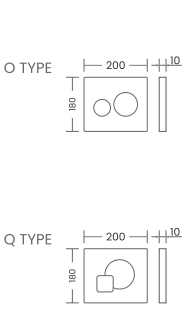

WC pan-cistern systems prevent unnecessary water consumption with their special bowl structures and concealed cistern float valves that ensure low water consummation. With its two-stage flush function, the concealed cistern results in water savings of up to 70% in the 2.5/4L and 3/6L options.

Quality **Assurance**

At Orio Bath Fittings, a division of Mahavir Metal Industries, we believe that quality is not just a feature—it is our foundation. Every faucet and bath fitting we manufacture reflects our unwavering commitment to engineering precision, material excellence, and lasting performance.

Precision Engineering & Premium Raw Materials

100% Virgin Brass
All Orio faucets are made from 100% brass, ensuring high strength and corrosion resistance. With 61% copper content, our products meet global metallurgical standards for optimal durability and anti-crack performance.

Neoperl® Aerators (Germany)
Each Orio faucet is equipped with high-performance Neoperl® aerators for smooth, splash-free water flow, optimized pressure, and water conservation.

Cartridges Tested for 500,000 Cycles
Our spindles and cartridges—sourced from Jamnagar (India) and Germany—are subjected to rigorous testing to ensure durability. Every unit is certified to operate smoothly for over 500,000 open/close cycles, offering years of trouble-free use.

Manufacturing Excellence

Automated CNC Machining
Every component is processed on CNC machines for precision dimensions, perfect threads, and leak-proof assembly.

Triple-Layer Chrome Plating
Our products feature a three-layer electroplated chrome finish (Copper + Nickel + Chrome), offering a mirror-like gloss, corrosion resistance, and long-lasting shine even in hard water conditions.

Advanced Leak Testing
Each product undergoes 100% hydrostatic leak testing at multiple pressure levels before packaging.

Strict Quality Control

In-house Quality testing each and every piece.
Salt Spray Test (450+ hours) to ensure plating endurance.
Surface Roughness & Finish Checks for flawless aesthetics.

Warranty with On-Site Service

We proudly offer a comprehensive warranty on all CP bath fittings, ensuring long-term peace of mind and reliable performance:

Spindle Leakage – 5 Years
After-Sales Service Support – 10 Years
Shower and Health Faucet Warranty – 1 Year
Sanitaryware warranty - 12 Year
No Warranty/Guarantee on Flexible Pipe and Dual Pipe.
